I-DRIFT™

I-Drift™ is a fully adjustable wireline drift with fail-safe collapsible rails. It has a fluted design to allow easy flow passage. The I-Drift has a stepless adjustment and is available in all common tubing sizes.

**Features**
- Stepless and quick adjustment
- Each tool covers and replaces several fixed OD sizes
- Spring-loaded rails
- Wide and fluted flow passage
- Emergency shear release function
- Rails can be replaced

**Benefits**
- Easy usage and operation
- Simplified logistics and reduced inventory
- Easy and accurate adjustment
- Prevents debris from packing inside tool and reduces flow restriction
- Ensures safe retrieval from well

**Applications**
- Well ID verifications
- Adjustable centralizing
- Plug dummy run
- Collapse and scale detection
