APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed instrument of proxy are the Chief Executive Officer and the Chief Financial Officer of the Company. **A Shareholder submitting a proxy has the right to appoint a person (who need not be a Shareholder) to represent him or her at the Meeting other than the person or persons designated in the instrument of proxy furnished by the Company. To exercise this right the Shareholder should insert the name of the desired representative in the blank space provided in the instrument of proxy and strike out the other names or submit another appropriate proxy.** In order to be effective, the proxy must be mailed so as to be deposited at the office of the Company's transfer agent, Montreal Trust Company of Canada, Suite 600, 530 - 8th Avenue, S.W., Calgary, Alberta, T2P 3S8, not later than 4:30 p.m. (Calgary time) on the second last business day preceding the date of the Meeting or any adjournment thereof. No instrument appointing a proxy shall be valid after the expiration of twelve (12) months from the date of its execution. The instrument appointing a proxy shall be in writing under the hand of the Shareholder or his or her attorney, or, if such Shareholder is a corporation, under its corporate seal, and executed by a director, officer or attorney thereof duly authorized.

A Shareholder who has submitted a proxy may revoke it by an instrument in writing executed by the Shareholder or his or her attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal and executed by a director, officer or attorney thereof duly authorized, and deposited either with Montreal Trust Company of Canada at its offices as aforesaid at any time prior to 4:30 p.m. (Calgary time) on the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting, and upon such deposit the previous proxy is revoked.

All Common Shares represented at the Meeting by properly executed proxies will be voted, and where a choice with respect to any matter to be acted upon has been specified in the instrument of proxy the Common Shares represented by the proxy will be voted in accordance with such specification. **In the absence of such specification, such Common Shares will be voted in favour of the matters to be acted upon.** The enclosed instrument of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the time of printing of this Circular, management of the Company knows of no such amendment, variation or other matter.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of Common Shares, without nominal or par value. As of April 10, 2000 there were 15,821,233 Common Shares issued and outstanding. The holders of Common Shares are entitled to one vote for each share held.

To the best of the knowledge of the directors and officers of the Company, the only person who beneficially owns directly or indirectly, or exercises control or direction over Common Shares carrying more than 10 percent of the votes attached to all of the issued and outstanding Common Shares of the Company, is as follows:

	<u>Designation of Class</u>	<u>Type of Ownership</u>	<u>Number of Shares</u>	<u>Percentage of Class</u>
R. Chaney & Partners III L.P. and R. Chaney & Partners IV L.P. ⁽¹⁾ Houston, Texas	Common Shares	of record	2,504,600	15.8%
Wellington Management Company, LLP ⁽¹⁾ Boston, Massachusetts	Common Shares	of record	1,585,500	10.0%

Note:

- (1) As at April 10, 2000. This information, not being within the knowledge of the Company, has been furnished by the persons listed above.

ADVICE TO BENEFICIAL HOLDERS OF SECURITIES

The information set forth in this section is of significant importance to many public shareholders of the Company, as a substantial number of the public shareholders of the Company do not hold shares in their own name. Shareholders who do not hold their shares in their own name (referred to in this Circular as “Beneficial Shareholders”) should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those shares will not be registered in the Shareholder’s name on the records of the Company. Such shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting shares for their clients. The directors and officers of the Company do not know for whose benefit the shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Independent Investor Communications Corporation (“IICC”). IICC typically mails a scannable Voting Instruction Form in lieu of the Instrument of Proxy. The Beneficial Shareholder is then asked to complete and return the Voting Instruction Form to them by mail or facsimile. Alternatively, a Beneficial Shareholder can call IICC’s toll free telephone number to vote his or her shares. IICC then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Voting Instruction Form cannot be used as a proxy to vote shares directly at the Meeting - the proxy must be returned to IICC well in advance of the Meeting in order to have the shares voted.**

MATTERS TO BE ACTED UPON AT THE MEETING

Election of Directors

Action is to be taken at the Meeting with respect to the election of directors. The Board of Directors (the “Board”) presently consists of six members. It is proposed that the Board will be fixed at six members and the undermentioned persons will be nominated at the Meeting. Each director elected will hold office until the next annual meeting, or until his successor is duly elected or appointed, unless his office be earlier vacated in accordance with the Company's By-Laws.

It is the intention of the management designees, if named as proxy, to vote “FOR” the election of the following persons to the Board unless otherwise directed. Management does not contemplate that any of such nominees will be unable to serve as a director. However, if for any reason any of the proposed nominees does not stand for election or is unable to serve as such, **the management designees, if named as proxy, reserve the right to vote for any other nominee in their sole discretion unless the Shareholder has specified in his or her proxy that his or her Common Shares are to be withheld from voting on the election of directors.**

The following information relating to the nominees as directors is based partly on the Company's records and partly on information received by the Company from said nominees, and sets forth the name and address of each of the persons proposed to be nominated for election as a director, his principal occupation, all other positions and offices in the Company held by him, the year in which he was first elected a director, and the number of Common Shares of the Company that he has advised are beneficially owned by him, directly or indirectly, or over which control or direction is exercised by him.

- (2) Member, compensation and corporate governance committee.
- (3) The Company does not have an executive committee of the Board.

Appointment of Auditors

Unless otherwise directed, it is management's intention to vote proxies in the accompanying instrument of proxy in favour of KPMG LLP, Chartered Accountants, of Calgary, Alberta, as auditors of the Company, to hold office until the next annual meeting of the Company and to authorize the directors to fix their remuneration as such. KPMG LLP were first appointed auditors of the Company effective September 9, 1996.

Private Placement Resolution

Depending on opportunities available to the Company during the upcoming year, the Company may raise additional funds through equity issuances. Under the rules of The Toronto Stock Exchange (the "TSE") the aggregate number of shares of a listed company which are issued or made subject to issuance (i.e. issuable under share purchase warrants, options or other convertible securities) by way of one or more private placement transactions during any particular six-month period must not exceed 25% of the number of shares outstanding (on a non-diluted basis) prior to giving effect to such transactions (the "TSE 25% Rule"), unless there has been shareholder approval of such transactions.

The application of the TSE 25% Rule may restrict the availability of the Company of funds which it may wish to raise in the future by way of private placement of its securities.

The TSE has a working practice to accept advance approval by shareholders in anticipation of private placements that may exceed the TSE 25% Rule provided such private placements are completed within 12 months of the date such advance shareholder approval is given.

The Company's issued and outstanding share capital is 15,821,233 Common Shares. The Company proposes that the maximum number of Common Shares which either would be issued or made subject to issuance under one or more private placements in the 12 month period commencing May 17, 2000 would not exceed 15,821,233 Common Shares, or 100% of the Company's issued and outstanding Common Shares as at April 10, 2000.

Any private placement proceeded with by the Company under the advance approval being sought at the Meeting will be subject to the following additional restrictions:

- (a) it must be substantially with parties at arm's length to the Company;
- (b) it cannot materially affect the control of the Company;
- (c) it must be completed within a 12 month period following the date the shareholder approval is given; and
- (d) it must comply with the private placement pricing rules of the TSE, which currently require that the issue price per Common Share must not be lower than the closing market price of the Common Shares on the TSE on the trading date prior to the date notice of the private placement is given to the TSE (the "Market Price"), less the applicable discount, as follows:

Market Price	Maximum Discount
\$0.50 or less	25%
\$0.51 to \$2.00	20%
Above \$2.00	15%

In anticipating that the Company may wish to enter into one or more private placements in the next 12 months that will result in it issuing and/or making issuable such number of its Common Shares, taking into account any shares that may be issued upon exercise of any warrants, options or other rights granted in connection with the private placement, that will exceed the TSE 25% Rule, the Company requests its shareholders pass an ordinary resolution in the following terms (the "Private Placement Resolution"):

“Be it resolved, as an ordinary resolution, that the issuance by the Company in one or more private placements during the 12 month period commencing May 17, 2000 of up to 15,821,233 Common Shares, as more particularly described in and subject to the restrictions described in the Company’s information circular - proxy statement dated April 10, 2000, is hereby approved.”

In order to approve the ordinary resolution, a majority of the votes cast at the Meeting must be voted in favour thereof. In the event that the resolution is not passed, the TSE will not approve any private placements that result in the issuance or possible issuance of a number of shares which exceed the 25% Rule, without specific shareholder approval. Such restriction could impede the Company’s timely access to required funds on favourable terms.

Amendment of Stock Option Plan and Ratification of Stock Option Grants

At the annual and special meeting of shareholders held May 27, 1998, a resolution was passed increasing the maximum number of Common Shares issuable under the Company’s stock option plan. Since May 27, 1998 the following activity in the plan has taken place:

Balance outstanding on May 27, 1998	946,000
Stock options granted ⁽¹⁾	619,450
Stock options exercised	203,625
Stock options canceled	3,500
Balance outstanding on April 10, 2000	1,358,325

Note:

- (1) Included in the total granted is the grant of 188,750 stock options approved by the board of directors on March 7, 2000. Of these 72,700 are subject to ratification by shareholders.

On April 7, 2000, the board of directors approved an amendment to the plan to increase the common shares issuable under the plan by 296,148 Common Shares. If this increase in the number of Common Shares which may be issued under the plan is approved by the shareholders, all of the 188,750 stock options granted on March 7, 2000 will be fully issued including 72,700 subject to conditional approval. The stock options available for future grant under the plan will be 223,448 Common Shares.

The Board has also determined to amend the stock option plan to provide that options to acquire no more than that number of Common Shares which is equal to 2%, in aggregate, of the outstanding Common Shares may be held by non-employee directors at any time (excluding options granted to a non-employee director when he was a director of the Company). As at April 10, 2000, non-employee directors of the Company hold, in aggregate, options to acquire 147,000 Common Shares.

Accordingly, at the meeting, the following ordinary resolution (the “Stock Option Resolution”) will be presented:

“Be it resolved, as an ordinary resolution of the shareholders of Trican Well Service Ltd. (the “Company”), that:

1. the number of Common Shares issuable under the stock option plan of the Company be increased by 296,148 Common Shares and that the number of options to acquire Common Shares issuable to non-employee directors of the Company be limited, as described in the information circular - proxy statement of the Company dated April 10, 2000; and
2. any one officer or director of the Company be and is hereby authorized to execute and deliver all such agreements and documents, whether under the corporate seal or otherwise, and to take all action, as such officer or director shall deem necessary or appropriate to give effect to the foregoing resolution.”

This resolution must be approved by a simple majority of votes cast by shareholders who vote in person or by proxy at the Meeting in respect of this resolution.

REPORT ON EXECUTIVE COMPENSATION

Composition of the Compensation and Corporate Governance Committee

The compensation and corporate governance committee (the “Compensation and Corporate Governance Committee”) is comprised of Douglas F. Robinson (Chair), Kenneth M. Bagan and Gary R. Bugeaud. All of the members of the Compensation and Corporate Governance Committee are outside and unrelated directors. It is noted by the Committee that Mr. Bugeaud’s law firm provides ongoing legal services to the Company.

Report on Executive Compensation

The Compensation and Corporate Governance Committee is charged with the periodic review of and recommendation to the Board with respect of compensation of the executive officers of the Company and to review and make recommendations with respect to corporate governance. The Chief Executive Officer is charged with establishing compensation for other employees of the Company. The Company's compensation policies are designed to recognize and reward individual performance as well as to provide a competitive level of compensation. The Company does not have a pension plan or any other form of retirement compensation other than its retirement savings plan. The Company's current compensation plan consists of the following items:

- a competitive base salary;
- the retirement savings plan;
- a bonus plan; and
- a stock option plan.

The compensation for all executive officers of the Company in 1999 is consistent with the above policies and is delivered through the above plans. A description of the criteria used in each element of compensation is set forth below:

Base Salaries

Executive officers' salaries are reviewed annually and set by comparing individual salaries to those paid to executives in other companies of comparable size within the oil and gas services industry. Such information is provided from time to time to the Company by independent consultants who regularly review compensation practices in Canada. The executive salaries of the Company are intended to approximate the median level of competitive compensation in the oil and gas services industry.

Retirement Savings Plan

All employees of the Company are eligible to participate in the Company's registered retirement savings plan. Under this plan the Company makes a matching contribution to the registered retirement savings plan of each employee on a monthly basis at a rate of \$1.00 for every \$1.00 contributed by the employee to a maximum of 3.0% of the monthly salary and job bonus of the employee.

Profit Sharing Plan

The Company has a profit sharing plan. All employees of Trican, who at the end of the year have been employed by the Company for more than six months, are eligible to participate in the plan. The purpose of the plan is to reward employees in those years when Trican has achieved or exceeded the specific performance benchmarks established by management and the Board. The plan includes a general profit sharing pool (the "General Pool") and a management profit sharing pool (the "Management Pool"). In the years during which Trican has achieved or exceeded the specific performance benchmarks a General Pool will be established in an amount equal to 4% of pre-tax income. The allocation of the General Pool so determined is then made upon the recommendation of the Compensation and Corporate Governance Committee after receiving input from the senior management of the Company as to individual performance and levels of responsibility. In addition, a Management Profit in an amount equal to 3% of pre-tax income for the year will be established for members of senior management. The allocation of the Management Pool is entirely within the discretion of the Compensation and Corporate Governance Committee which in turn makes its recommendation in this regard to the Board.

Stock Option Plan

Directors, officers and employees are eligible to participate in the Company's stock option plan. Awards of stock options are made from time to time to participants at varying levels consistent with the individual's level of responsibility within the Company. Options are usually priced at the closing trading price of the Company's Common Shares on the business day immediately preceding the date of grant. Options generally vest at a rate of 25% per year commencing on the first anniversary of the date of grant. The term and other provisions of the options are subject to the terms of the stock option plan and to the discretion of the Board.

The stock option plan provides the potential for long-term rewards and above-average total compensation, provided the financial and operating results achieved by the Company are above-average in terms of enhancement of shareholder value.

Summary

The Compensation and Corporate Governance Committee believes that the Company's compensation policies recognize the contributions of management to date and will allow the Company to attract and retain a group of employees who are entrepreneurial, talented and motivated to contribute to the Company's success. The compensation policies of the Company are reviewed by the Compensation and Corporate Governance Committee to ensure that they remain competitive with those companies in the oil and gas service industry with which the Company competes.
